

This *License Agreement* is a legal agreement between you and Yuri Feldman as author and owner of the Spatial Aspect Map Locator, which use the agreement covers.

1. The Spatial Aspect Map Locator software is copyrighted property of author, and referenced in remainder of the agreement as “Software”.

2. The Software is provided as freeware and licensed for personal use on any number of computers, free of charge. Commercial use also considered by this license as personal use as long as normal stand-alone model of using of the Software on personal computer is not violated. It’s mean: using of the Software incorporated to any server can be permitted only upon obtaining separate license from author.

3. THE SOFTWARE IS PROVIDED "AS-IS" AND WITHOUT WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR OTHERWISE, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL THE AUTHOR OF THIS SOFTWARE OR ANYONE ELSE WHO HAS BEEN INVOLVED IN THE CREATION, DEVELOPMENT, PRODUCTION, OR DELIVERY OF THIS SOFTWARE BE LIABLE FOR ANY DIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, SUCH AS, BUT NOT LIMITED TO, LOSS OF ANTICIPATED PROFITS, BENEFITS, USE, OR DATA RESULTING FROM THE USING OR MISUSING THIS SOFTWARE.

4. You may not remove any proprietary notices on the Software or documentation. You may not modify, de-compile, disassemble or reverse engineer the Software.

5. You may not use the Software in any activities, which can impose entire humankind or particular humans being, including yourself, to danger of their existence and should avoid use the Software in any bad or questionable-ethic activities. Doing on behalf authority of any institution will not remove you from limitations of the section.

6. You can freely distribute any derivate work produced as output from the software, except of online traffic as it was mentioned in section 2.

7. You can do so much copies of the Software as you need and freely distribute the Software without commercial purposes, but selling is prohibited. The distribution is permitted only in original form of the Software, which is referenced on Internet site of author, without any modification and under power of the license on behalf the author as stated in the section 1 of the license agreement, without breaking his ownership.

8. Bundling the distribution, mentioned in section 7, with yours of third party distribution packets can be permitted only after getting permission from the author.

9. The license is not exclusive.

10. The Software uses Zlib library, which is under copyright of Jean-loup Gailly and Mark Adler and used under separate free software license.

11. The Software includes map “projects” files for big set of maps prepared by author, which also available in separate package, constituting a typical scheme for map repository. Accessing other installation packets for having the repository ready to use with other products of author, such as Spatial Aspect Viewer and Spatial Aspect Explorer will consider agree with licenses related to such “Data”. The Data subdivided on raster maps and vector maps compilations, both in author originated proprietary formats. Using of the Data covered by section 3, 5 and 8 of the agreement and additionally has following statements in their respective license agreements:

A. Raster maps:

1. The Raster Map compilation is copyrighted property of author, and referenced in remainder of the agreement as “Data”.

2. The Data licensed for personal use on any number of computers, free of charge. Although format of the data is proprietary, it is open for public inspection, and so it is also considered be used in yours or third party software products. For such cases, using of the Data stays free of charge, as long as it used in free of charge software. Commercial use also considered by this license as personal use as long as normal stand-alone model of using of the Data on personal computer is not violated and access to the Data to third users provided through a free of charge service. In other case commercial use can be permitted only upon obtaining separate license from author.

4. You may not remove any proprietary notices on the Data. You may not modify the Data.

6. You can do so many copies of the Data as you need and freely distribute the Data without commercial purposes. Commercial distribution of the Data, such as selling can be permitted upon obtaining separate license from author. The distribution permitted only in original packed form or

only in original installed form of completed maps, including original "regions" files, which you can accompany by separated copies of your owned modified "regions" files upon your discretion. The original form of the Data is referenced on Internet site of author, and its distribution, and so distribution in form of completed maps, permitted only without any modification and under power of the license on behalf the author as stated in the section 1 of the license agreement, without breaking his ownership.

7. Bundling the distribution, mentioned in section 6, with yours of third party distribution packets can be permitted only after getting permission from the author.

B. Vector maps:

1. The Vector Map compilation is copyrighted property of author, and referenced in remainder of the agreement as "Data".

2. The Data licensed for personal use on any number of computers, free of charge. Format of the Data is proprietary and it is not open for public inspection. Nevertheless in future specification of the format will be published and the license will be corrected in respect of using the Data in yours or third party software products. Currently commercial use the Data is free of charge as long as it used through software products of author.

4. You may not remove any proprietary notices on the Data. You may not modify or reverse engineer the Data.

6. You can do so many copies of the Data as you need and freely distribute the Data without commercial purposes. Commercial distribution of the Data, such as selling can be permitted upon obtaining separate license from author. The distribution permitted only in original packed form or only in original installed form of completed set of layers, including original "project" files, which you can accompany by separated copies of your owned modified "project" files and additional "shape-files" provided upon your discretion. The distribution permitted also bundling vector maps with raster maps, both in original installed form in original relation, having these "project" files stay original. The original form of the Data is referenced on Internet site of author, and its distribution, and so distribution in form of completed set of layers, permitted only without any modification and under power of the license on behalf the author as stated in the section 1 of the license agreement, without breaking his ownership.

7. Bundling the distribution, mentioned in section 6, with yours of third party distribution packets can be permitted only after getting permission from the author.
